

Environmental Management and Organization

Green Mountain Energy Company's **Environmental Advisory Board** serves as a forum to exchange expert advice and validation on critical environmental issues.

Members include:

- **Dianne Dillon-Ridgley** – Chair, Environmental Advisory Board,
- **Ralph Cavanagh** – Co-director of the Energy Program, Natural Resources Defense Council (NRDC)
- **Christopher Flavin** – President, Worldwatch Institute
- **Hunter Lovins, Esq.** – President and founder of Natural Capitalism Inc. and co-creator of the Natural Capitalism concept
- **Rachel Shimshack** – Director, Renewable Northwest Project
- **Alison Silverstein** – Former Senior Energy Policy Advisor to the Chairman of the Federal Energy Regulatory Commission (FERC)
- **Robin Rather** – CEO, Collective Strength

Green Mountain's senior management team includes Gillan Taddune, the company's **Chief Environmental Officer**. In this position, Gillan also leads the BeGreen Business team. Responsibilities include renewable energy sourcing, development and quality assurance; development and implementation of corporate environmental policies and sustainable business practices; maintaining relationships with local and national environmental organizations, renewable energy market participants and other stakeholder groups; and acting as a champion for the company's mission to change the way power is made.
